Pay for themselves:

- Patient hand hygiene is made more accessible, significant improvement with Hospital Acquired Infections (HAIs)
- Designed to address 6 of the 8 sections on the HCAHPS survey

Best in Patient Experience:

- Combine practical solutions to patients' needs with spa-like elegance and quality
- Make nurses' jobs and goals easier

Fit any hospital's budget:

- Components can be omitted, substituted, or added to fit hospitals' visions and budgets
- The Re•cover Essentials series: recommended economy versions, 65% - 85% of the standard cost
