

Tow Meal Delivery Carts

JonesZylon offers motorized tuggers to hitch and pull towable carts

Any JonesZylon meal delivery cart can come equipped with a tow package to hitch to one another. Then hook to a tow vehicle to pull the “food train” to the housing units.

Perfect for:

- *Long distances*
- *Rough terrain*
- *Up or down slopes*
- *Deliveries by Staff*

FEATURES

- Emergency belly button stop switch and horn
- Dead man operation. Unit comes to a controlled stop when operator removes hands from controls
- Automatic holding brake prevents cart from moving on inclines when parked
- Up to 8 hours of operation on a single charge
- Standard 2,000lb capacity. Can upgrade up to 5,000lb
- Foam filled non-marking tires
